TECHNICAL QUALIFICATION RECORD

Candidate Name: Abdilahi Yusuf
Core Track: Systems Architecture / Cloud Infrastructure Engineering
Verification Code: TQ-9831-MCE

1. CORE COMPETENCY ASSESSMENT MATRIX

Competency Vector	Evaluated Level	Verified Operational Capacity
Multi-Tenant Engineering	**Expert / Lead**	Capable of deploying isolated data partitions across multi-region infrastructure.
Relational Database Logic	**Advanced**	Complex indexing optimization, recursive query tuning, custom triggers execution.
AI-Native Developer Tooling	**Expert**	High proficiency leveraging predictive LLM interfaces for multi-file systems refactoring.

2. FORMALLY AUDITED SYSTEMS DEPLOYMENTS

Project Reference	Architectural Scope Deployed	Audit Result
Bayaan Dental Clinic	Secure patient records telemetry module with high-performance dashboard layouts.	**Passed (100%)**
AirHub Integration	Real-time status monitor ingestion arrays supporting concurrent updates.	**Passed (100%)**
